THE PECK-WILLIAMSON UNDERFEED FURNACES AND BOILERS

Were living in perfect comfort all over the house. The Underfeed coal burning way—fuel fed from below—all the fire on top—insures as much clean, even heat from cheapest slack as highest priced coal which ordinary heating plants require. This enables Underfeed users to

SAVE 1/2 TO 3/5 OF COAL BILLS

Mr. J. E. Crider, President of the Crider Creamery Company, Fredonia, Ky., relates his Underfeed experience thus: "We installed one of your No. 739 Underfeed furnaces in our 12-room house about two years ago. We have found the furnace very satisfactory indeed. The furnace is extremely economical, fires easily and the heat is quite evenly distributed throughout the various rooms. We use nut and slack coal for fuel with perfect results and much prefer the Underfeed to any heating device with which we are familiar."

Send for our FREE book about UNDERFEED Furnaces and Boilers and let us PROVE that it will pay you to discard old-fashioned heating methods and install the satisfactory divided-end Underfeed. Heating plans and services of our Engineering Department all FREE. Write today.

A NOVEL SIGHT

Last evening about 6 o'clock the Southern sky was darkened with an array of martins passing Southward seeking their winter home. The martins appear in this latitude at the break of winter and are hailed as harbingers of spring, and now they are taking their flight reminding us that Jack Frost and hoary old Winter will be with us again soon. It was a novel sight and lasted about twenty minutes. There must have been a million birds in the passage.

RIPLEY'S CENTENNIAL

Pretty Little Village One Hundred Years Old in 1912

Preparations will be begun at once for Ripley's centennial celebration. Ripley was laid out in 1812 by Colonel James Poage of Virginia, and was first called Staunton, from Staunton, Va. It was afterward changed to Ripley in honor of General Ripley, a distinguished officer of the War of 1812.

The celebration is planned to be held next summer. Here Harriet Beecher Stowe visited the home of Rev. John Rankin, the abolitionist, keeper of the first station of the underground railroad by which runaway slaves were forwarded to Canada.

Commence on the Tobacco Worms early. The longer you wait, the more harm they do, the more difficult it is to get rid of them and the greater the cost. It Kills Because It Is Pure and Full Strength

It is the kind that goes farthest and does most, the kind that kills, the kind you can rely on. Costs no more than uncertain brands—is apt to cost less, because less is required and it never fails to do the work.

PLAY BALL!

Reported That Maysville Men Have Purchased Shelbyville Franchise in Bluegrass League

Mr. J. J. Greenleaf was in town yesterday representing the Bluegrass Baseball League, regarding the sale of the Shelbyville franchise. The first chance is given to Maysville and this is the first and likely the only chance it will ever have to secure a team in organized baseball, which means games will be played regularly during the season, both week days and on Sundays.

Maysville can secure the Shelbyville franchise including the Shelbyville Baseball Club, all players under contract. The balance of this season's schedule to be played in Maysville, about fifteen games including at least two Sunday games to be played here.

Do we want to get in? If so, will the business people give us a helping hand? You will be interviewed.

THE PUBLIC LEDGER understands this morning that the transfer of the Shelbyville franchise to Maysville has actually been made, the terms being private, and the purchasers are said to be J. W. Fitzgerald, Sherman Ann, Mayor J. W. Lee and P. D. Wells.

It is further said that the first game is to be played at Maysville next Sunday afternoon, the new Maysville team (the Shelbyville) tackling the Frankfort team.

THE "IDEAL" (?) SHOPPER

In answer to the article, "Impolite Salesladies," which appeared in The Independent, will say that the ideal clerk may be scarce, but the ideal shopper is rarer still.

If salesladies could train all the "spoiled wives" and capricious young girls in the art of shopping the whole world would be revolutionized.

Imagine a poor, delicate saleslady, who has served her employer faithfully for years and who is now a physical wreck, due to overwork, trying to please a young college girl.

Picture this saleslady:

Late Saturday night, after she is worn out and tired, this lovely creature appears and wishes to look at "green lace hose in the new shade." With the patience of a martyr the good saleslady shows her every shade and design in the desired lace hose and all please the college girl very much. She says, "This pair is divinely gorgeous, and, oh, that is perfectly stunning, and the rest are tremendously magnificent, but I am looking for the color two tones deeper than the olive and a shade lighter than the apple"—the new shade, you know," but she does not leave the counter until she thinks she has aired her new one-piece dress, then she bows gracefully away.

After nine years experience with this young Miss, what treatment is due her? Should a good saleslady waste her time with this foolish shopper? Would it be justice to her employer to neglect a sensible customer and give her undivided attention to this class of humanity?

If all customers were polite, the salesladies would be the personification of politeness, and they would not be so tired and worn out at the end of the day.

Possibly the writer of the article, "Impolite Salesladies," is like the writer of "Home, Sweet Home"—he did not live with his mother-in-law.

We salesladies will conclude by saying that the development of the "ideal" saleslady requires the associative assistance of the "ideal" shopper.

WHEN HER BACK ACHES.

A Woman Finds All Her Energy and Ambition Slipping Away.

Maysville women know how the aches and pains that come when the kidneys fail, to make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright's disease. Doan's Kidney Pills permanently cure all of these disorders. Here's proof of it in a Maysville woman's words:

Mrs. John Burns of Maysville, Ky., says: "I value Doan's Kidney Pills just as highly today as when I gave a statement for publication in their favor some years ago. I was subject to attacks of kidney trouble and at times the pain in my back was so acute that I was confined to my bed for days. The prompt relief I received from Doan's Kidney Pills, procured at J. J. Wood & Son's Drugstore, was very gratifying, and during the years which have since elapsed, I have had no serious return of kidney trouble. On some occasions, I have felt a slight backache, but a few doses of this valuable remedy have never failed to ward off any bad attack."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

MERZ BROS.

Monday, September 5th, will be Labor Day.

After an illness of six weeks, Police Judge John L. Whitaker is able to be up and about his room at his home in East Third street. The Judge's many friends will be glad to learn of his convalescence, and hope to see him resume his official duties soon.

SCANDALOUS CONDUCT

Last night near the midnight hour the residents of East Third street between Market and Limestone were greatly shocked and outraged by the scandalous conduct of a gang of colored young men who paraded the street uttering fearful oaths and such foul language as seldom falls on the ears of innocent womanhood and children. After a time Policeman Glavin arrived on the scene and succeeded in arresting George Moore, Will Keys, Blaine Green and Claud Barbour. It is to be hoped when arraigned before Judge O'Donnell he will give due consideration of the enormity of the offense and mete out the punishment accordingly.

IT is astonishing that THEODORE ROOSEVELT should risk his reputation by allowing the sore-head politicians to use him to further their political aims against the Administration of President TAFT. The jolt that TEDDY received in New York should do him good and show him that an ex-President of the United States should, at least for a decent period of time, go way back and take a back seat. Mr. ROOSEVELT hasn't been an Editor long enough yet for his sanctum experience to do him much good.

PULL together, brethren. We are all for the same purpose. Then live and let live. The best way to build up a town is for each and every man to pull together and not strive to rend or tear down. All the residents of a town are partners, not opponents. In all likelihood the more business done by your rival the more you will do. Every merchant who treats his customers honestly and fairly will get his share, and the more business that can be secured by united effort, the better it will be for all.—Exchange.

In 1905 there were only 307 Esperanto groups in the world. In 1909 the number of Societies had increased to 1,494, distributed as follows: Europe, 1,142; America, 283; Asia, 31; Oceania, 21; Africa, 17. There are more than ninety Esperanto magazines and newspapers. Five of these are published in the United States.

OKLAHOMA's population, lacking returns from three Enumeration Districts, is 1,651,951. Porto Rico has a population of 1,118,012, an increase of 164,769 as compared with the census of 1899. Porto Rico is 400 years old and Oklahoma is only twenty-five years old, and yet the new American Commonwealth has 500,000 more population.

WORTH HAVING

Mr. Wm. Breeze of Casto street is the owner of a hen that may be rightly classed as a phenomenon. After producing a brood of seventeen young chicks and tending them in a motherly way the old hen began other duties and for fifteen days dropped a fresh egg every day. Not satisfied with well-doing the prolific barn-yard fowl has actually laid two eggs every day for the past week. Truth.

The Fountain Head of Life Is The Stomach

A man who has a weak and impaired stomach and who does not properly digest his food will soon find that his blood has become weak and impoverished, and that his whole body is improperly and insufficiently nourished.

DR. PIERCE'S GOLDEN MEDICAL DISCOVERY makes the stomach strong, promotes the flow of digestive juices, restores the lost appetite, makes assimilation perfect, invigorates the liver and purifies and enriches the blood. It is the great blood-maker, flesh-builder and restorative nerve tonic. It makes men strong in body, active in mind and cool in judgement.

This "Discovery" is a pure, glyceric extract of American medical roots, absolutely free from alcohol and all injurious, habit-forming drugs. All its ingredients are printed on its wrappers. It has no relationship with secret nostrums. Its every ingredient is endorsed by the leaders in all the schools of medicine. Don't accept a secret nostrum as a substitute for this time-proven remedy of known composition. ASK YOUR NEIGHBORS. They must know of many cures made by it during past 40 years, right in your own neighborhood. World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

DARING ARREST

Of Alleged Rapist at Cincinnati By Constable Blythe, Who Gives The Ledger Graphic Particulars

A Cincinnati dispatch says:
"James Betorius, 50, of 438 Second street, charged with attacking Mary Elzabeth, 14, near her home at Third and Sycamore streets Saturday, was arrested by Constable Blythe of Squire Bell's Court Tuesday. Betorius gave \$300 bond and was released."

Constable Blythe, who is a well-known Maysville man and a brother of Messrs. P. H. and Howard Blythe, writes THE PUBLIC LEDGER as follows concerning the matter:

"I arrested this man at midnight at his residence. After breaking in with an assistant, I was confronted with twelve Hungarians, all arrayed for battle, who had been sleeping in one room like rats, and with drawn revolvers we escorted our prisoner from the room still facing the angry crowd of Hungarians. None of them could speak English. After landing our man in Jail the Hungarians got together and raised \$300 as a cash bond for the release of Betorius, whose trial comes up tomorrow."

Worms

"Cascarets are certainly fine. I gave a friend one when the doctor was treating him for cancer of the stomach. The next morning he passed four pieces of a tape worm. He then got a box and in three days he passed a tape-worm 45 feet long. It was Mr. Matt Freck, of Millersburg, Dauphin Co., Pa. I am quite a worker for Cascarets. I use them myself and find them beneficial for most any disease caused by impure blood."
